New 52m catamaran motor yacht EVA by Misha Merzliakov

December 21, 2011

A young and talented naval architect & yacht designer Misha Merzliakov from [Australia](#) presents its new 52m catamaran yacht Eva. A sumptuous mix of glass & Dutch art movement inspired exterior are the main features of the Eva superyacht.

The interior draws the eye, via a seemingly boundary-less mix of glass and structure, to the yacht's surroundings. All of which enhance the experience of the sea.

The design utilizes an innovative bow door for vehicle & yacht tender storage. Inside an Audi Q7 is stowed and can be driven off via the bow ramp onto a dock or pier.

Eva Superyacht's luxurious exterior

52m luxury yacht Eva is designed to be of aluminum construction, which essentially translates into a low draft & fuel-efficient yacht.

Principle living areas and owners cabin have a stern facing aspect with the focal point being the elevated pool area. This enables a cohesive blend of interest & drama towards the recreational outdoor spaces and the environment.
